THE RALEIGH NEWS

VOL. XIV--NO. 102. RALEIGH, N. C. WEDNESDAY MORNING JANUARY 1, 1879. $5.00 PER ANNUM

Dakota will apply to Congress for admission into the Union, claiming to have the requisite number of inhabitants. It is safe to say the claim will not be allowed. The Democratic House has before its eyes the "frightful example" of Colorado.

It is authoritatively stated that a great commercial deputation is organizing in London for the purpose of asking the government to appoint a commission to inquire at once into the causes that have led to the alarming decay in British trade.

A stalwart organ informs us that the Republicans in Congress "have wisely determined that they can afford to allow the cypher dispatch scandal as it is without asking further investigation." Very well, then. If the Republicans are afraid to sift the matter to the bottom, the Democrats will do it for them. They did not raise the issue, but they can afford to force the fighting on it.

During the discussion of the Indian appropriation bill in the House several gentlemen earnestly agreed that it would be better to gather up all the wild Indians and place them in the Indian Territory, where they could be kept, in that concentrated condition, in good order by the army. That can not be done, however, under the existing treaties with the Indian Territory Indians, but the nomads could be settled in two large reservations outside of that Territory, and eventually be civilized. Army transportation forms a large item in the army expenses, and that transportation expense is mainly incurred in looking after the Indians over a wide region of country. The expense for army transportation alone last year was over $4 000.000.

MR. BLAINE, of Maine, gets small comfort from the ex-Governor of Georgia, Rufus Bullock. That remnant of the carpet-bag wreck in the South has recently written a letter in which he states that the negroes of Georgia not only vote the Democratic ticket, but enjoy equal rights with the whites and are fully protected in all their privileges. Bullock only gives utterance to a truth that is patent to all observers of political events and currents in the South. What he says is not only true of Georgia, but is true of all the Southern States. The negro has everywhere been weaned off from Radicalism. He finds that all his interests are with the people among whom he lives, and as soon as this fact is recognized he is found voting the Democratic ticket. The only surprising thing about this is that he remained so long in the Radical fold. That he would leave it in time was one of the certainties from the first.

The Dead Year and its Successor.

The tide of time has borne away on its flood one more of the years, and to-day the fresh new year steps in to fill the gap made by the death of its predecessor. Whatever of joy or sorrow, of prosperity or adversity, the past twelvemonth may have brought, has no more a place save in remembrance.

A retrospective glance at what has happened would take in its sweep much that leads to hope for the future as well as that which causes sorrow for the past. With the new year all a mystery, remains there naught for us to-day but to look on the bright side and be hopeful of its developements. The beginning of Resumption comes to-day and whether it will retard or develop the country's progress may not yet be told. The financial affairs of the nation have doubtless seen their darkest days, and it does not seem possible that more of disaster could come. There seem, it is true, no possibilities for an immediate revival of industries, but those well informed, argue that there may come a reaction with the fall months. The News begins the New Year with the best of good wishes to its patrons, and a determination to be, as before, a paper of the people and for the people.

Taxpayer Versus Tax-Spender.

Correspondence of the News.

RALEIGH, Dec. 31.

The course of the News and many others of the State press who are advocating a return to the low taxes of our ante-bellum days, cannot but meet with popular endorsement. It is right and our party is pledged to retrenchment. We must have it. Not a higgling petty retrenchment, but a solid substantial economy and a perceptible lightening of the burdens, sufficient to be felt by everybody.

I do not feel like continuing to be so *much* of a tax-*payer* when my chances of taking my turn as a tax-*spender* are so very small. *

The Future of Trade.

The New York Shipping List, in an article on the future of trade, says: "Though the year now drawing to a close has been a trying one to business men, very few of whom have been able to add anything to their capital, there is, altogether, a more hopeful feeling regarding the future of trade than there has been for five years at least, inspired by the belief that the shrinkage in prices is at an end, and that with a sound currency calculations can be made in connection with prospective transactions with some degree of certainty. Confidence may now be expected to gradually revive, and this will give an impetus to fresh enterprises and employment to capital that has long been in a waiting attitude."

Barques and trunked skirts are occasionally seen but they do not seem to meet with great favor.

THE AFGHAN WAR.

Insurgent Chiefs Owning British Rule--The Proposed Annexation to the Indian Empire

LONDON, Dec. 30.—The Viceroy of India reports that Maj. Cavagnari has received a friendly letter from Syod Mohamed, chief of the Kemar Valley, announcing his intention of coming in. The Times says this may be heralded as a forerunner of intelligence already hinted at, that the districts of Chinal, Swat and Kemar will be incorporated into the Indian Empire. By the occupation of this tract of country an easy and direct road will be opened up from the Punjab to Yarkand and Cashgar, presenting far fewer difficulties than are now followed by the Central Asian Trading Association, which traverses high mountain ranges of Cashmere and Ladak.

Narrow Guage Train on the Erie Railroad.

By Telegraph to the News.

NEW YORK, Dec. 30.—The first narrow-guage train ever run over the Erie railway will leave Buffalo to-night for New York. It will be composed of 20 new freight cars, drawn by a fifty-ton consolidation engine of the standard guage. To-morrow morning one of the new consolidation engines, with a train of 20 new narrow guage freight cars, will also leave Jersey City for the west.

Given a Horsewhipping.

By Telegraph to the News.

CINCINNATI, Dec. 31.—Mr. J. W. Morgan, hailing from Brown county, Kentucky, created quite a commotion upon the floor of the Chamber of Commerce to-day, by horsewhipping Mr. Charles Maguire, of the firm of Maguire & Co., heavy dealers in grain. Morgan was arrested and lodged in jail. He states the trouble grew out of a wheat transaction. Morgan was apparently intoxicated.

Redemption of Bonds.

WASHINGTON, D. C., Dec. 31.—The Treasury to-day made a call for the redemption of five-twenty bonds consols of 1867.

An American Outrage.

Washington Post.

Over the heads of gray-haired officers who had seen many years of active service, Fred. Grant was jumped from a second-lieutenancy to the brevet rank and actual pay of a lieutenant-colonel. He was thus favored simply because he was the son of his father. He had done nothing to earn promotion. There was no pretense that he had deserved special consideration. General Sherman declined to make any exception in his favor when requested to have him brevetted and placed on his staff. The General said it would be a bad precedent, and unfair treatment of older officers. General Sherman yielded to a request of a relative of the young man, and he has been for years in a position that he has no other claim upon than the accident of birth. A brave man would have declined such promotion. A man worthy of knighthood insists on earning his spurs. As the constitutional commander-in-chief of the army, President Grant should have insisted on having his son treated like other members of his class—placed on his own merits with an equal chance with others for promotion. This would have been the decent course and the only manly and military way. But it was not the Grant way. With the rank and emoluments that were rightfully the property of another, this scion of a royal house has been supported by the public for a long period—we think it is not less than six years. Now he is to have the same rank and pay while he travels around the world. The public is assessed to furnish this young man an opportunity to go abroad "in style becoming the son of an ex-President." We think this sort of thing has gone far enough. It would be cheaper to pension the whole family—to make them all retired brigadiers or rear admirals—than to carry on the present system. And it would be far more square, manly and honest.

Revision of the New Testament

The London revisers of the authorized version of the New Testament on the 13th inst., concluded their second and final revision. The Company have held eighty-five sessions, and have spent 337 days on the work, having commenced in June, 1870. The total number of the Company is twenty-four, and the average rate of a tendance throughout the time has been fifteen. There now remain the consideration of any further suggestions which may be made by the American Company, and the adjustment of some questions which have been reserved till the end.

A Common School Education.

A President of a college once said: "A common school education is one of the first importance, and it is all that is necessary for the ordinary purposes of life. It is abundantly sufficient for those who cultivate the soil; for those who devote themselves to the mechanic arts; to conduct the commercial concerns of society. These occupations, being the most honorable and useful employments, allow but little time for study and mental cultivation; they require an extensive acquaintance with the sciences."

The Traffic in Spirituous Liquors.

WILMINGTON, Dec. 30.

Correspondence of the News.

In your editorial of December 24th, on "Common Schools," you say: "We have another plan, however, which we believe better, and which would obviate all the difficulties which attack to the one mentioned, and it is, to make the tax on the sale of spirituous liquors support the public schools, and to make the tax high enough to support them amply. We are not writing an article on temperance, but the moral sense of the entire State will in our opinion approve our suggestion. All admit that the manufacture and sale of spirituous liquors entails great evil upon the community."

I thank you for this statement. I think, however, you are mistaken in the last sentence. If you are correct in the statement that "all admit that the manufacture and sale of spirituous liquors entails great evil upon the community," will you please tell us why the majority of our people so inveterately oppose the "Temperance Cause?" It is true some of our people "admit that the manufacture and sale of spirituous liquors entails evils." I claim to belong to that class. I believe that intemperance under the agency and direction of Satan, is the supreme curse of our people. "entails" physical, mental, moral, social, domestic and national evils. It is a huge serpent with poisonous fangs, flashing eyes and forked tongue, that holds the majority of our people under the spell of its influence, and so deranges them that they oppose every effort made by the true friends of the State to free them and their children from its loathsome embrace. In my opinion the best interests of the State demand that the head of this serpent should be cut off by the Legislative axe, or "all of it but the head." You propose to "bell" it. Well, I think this is better than nothing. You propose that every time this monster lifts his head in a ten cent glass to ask his snakeship politely to please give ten cent for the education of the child of the poor man, who thus places himself, body and soul in his power.

Will the Legislature be willing to thus abridge the rights of liquor dealers? We shall see.

If $500,000 can thus be snatched from the jaws of death and applied to school purposes, it will be a shrewd stroke of policy. If in this way the children can be educated, perhaps the next generation may produce the Hercules who can gird to sever the heads of this Hydra and so burn the necks that he will die. I am with you in favor of the "Moffett Bell Punch." If the Legislature will "bell" the monster, and then all the temperance people will continue to "Punch" him with the spear of truth, we may weaken his vigorous constitution, if we do not succeed in drawing his life-blood.

SOUTH AMERICAN WAR CLOUDS.

Chili and the Argentine Republic Preparing to Fight for the Patagonian Guano.

The latest advices from Chili and the Argentine Republic are of the most warlike character. The Argentine War Department has ordered to Patagonian waters the ironclad Andes and the gunboats Constitution and Uruguay, which put to sea on the 18th, giving convoy to a merchant vessel bound to load with guano from the same locality at which the United States bark Devonshire was loading when captured, a few months ago, by a Chilian gunboat, Another ironclad, La Plata, and two other gunboats were under orders at Buenos Ayres, to sail for the same destination. The Government of Chili had also ordered the immediate rendezvous of all its naval forces at the same locality, to uphold its claims to the deposits of fertilizer, and a conflict is considered imminent. Great excitement prevails in the principal cities of both countries on account of these developments.

It is also asserted that the recent purchase of war material and heavy ordnance (including twenty-five Krupp guns) by the Government of Bolivia, in Germany, has a bearing upon this Chilo-Argentine imbroglio. Half a dozen of the guns and several boxes containing rifles and ammunition have arrived at Buenos Ayres, and are being transhipped under the superintendence of Col. Aramayo, special Bolivian agent, to be forwarded up the river in small crafts to Bolivia, with all possible haste.

Even little Uruguay is giving signs of activity in war preparations. Dictator La Torre has ordered an increase of the regular army and the purchase of two gunboats from English yards.

A Question for the Railroads.

Railroad companies in the West, or rather the stockholders in those corporations, begin to question the propriety of permitting express companies to do the best and most profitable part of the business that is transacted over their lines. They are asking, in view of the entire absence of dividends, or the receipt of very small ones, why it is that the employees of a railway company cannot accommodate the public as promptly and well in carrying small packages as large ones. To this end an English paper says that the announcement is made that twenty-five railway companies in England, Wales and Scotland have resolved to issue from and after the first of January next railway stamps to the public of the denominations of 8 cents and 16 cents, which shall carry parcels of two pounds and four pounds, respectively, throughout their whole systems. They have also agreed to accept parcels at these weights and at these rates throughout the whole of their systems, and to grant an insurance up to $5.

The Latest Invention.

Among the novelties of the age the Inquirer (L. I.) adds this to the common stock of helps for the needy: "a cat as a chimney sweeper." Mr. Tommer is a florist at Middle Village. For some time past he has been dreadfully annoyed by the choking up of his chimney flues. In order to put an end to the annoyance by having the flues thoroughly cleaned he procured a good sized cat, and placing it in an elevated position in the fire-place, started a fire. Mr. Tommer says the plan worked like a charm, for in a few moments afterward the cat was observed coming from the top of the chimney in the tallest kind of a hurry, looking as though she had been rolled in a charcoal barrel. The flue is now as clean as a whistle, and Mr. Tommer advises all who are troubled with smoky chimneys to try a high-backed cat as a sweeper.

A HOTEL OUTRAGE.

How a Lady was Chloroformed and Robbed in the Tremont House, Boston.

Condensed from the Boston papers.

A most daring and brutal robbery was done at the Tremont House, in this city, the other day. The robbery has just come to light. On the afternoon of the 12th instant a New York lady arrived over the Boston and Albany line. She had been visiting near the city. At the depot a gentleman acquaintance met her by appointment and paid over $150. The lady counted the money over, and while doing so noticed that she was being scrutinized by a man of genteel looks. She took a cab to the Tremont House and shortly after going to her room saw the same man on the opposite side of the street. This mysterious person gazed at her through an opera glass at the Boston theatre, where she had gone that same evening to witness a performance of "The Exiles." Her escort's attention was called to the man. The lady went to her room about half-past eleven o'clock, the stranger being in her thoughts. She took the precaution of hiding her roll of notes in the bottom of her trunk and of secreting the key. Shortly after two o'clock she was awakened by the presence of a man who stood by her bedside. She tried to scream, but the man caught her by the throat, sat down on her stomach so that her breath was taken, and bound a handkerchief across her face. The handkerchief was chloroformed. When the call-boy went to the room about seven o'clock, the hour at which the lady wished to be called, he was met by a strange sight. The lady was prone upon the bed, which was in great disorder. The handkerchief was still over her face, which was covered with blood. The lady appeared to be regaining consciousness. The contents of the trunk were scattered over the floor. Medical aid was summoned and the lady is now doing well, though her bruised body leads to the belief on the part of the physicians that a crime more horrible than robbery was committed. The money was gone from the trunk. The robber, who had pried open the door of the room with a jimmy, had left nothing behind to tell the tale except the fact that the lady still recalls the appearance of the mysterious stranger. Her husband, a gentleman of high standing in New York, is here, and the police are hard at work for clues.

The Lee Monument.

Washington Gazette.

If Robert E. Lee had been the leader of the Federal armies, a hundred temples to his memory would long since have lifted their spires to the heavens. Seven years ago, and all that to us was mortal of the great Confederate, was committed to the embrace of the mother he loved so well. Almost seven years ago at the capital of his native State were gathered many of his brave comrades in arms—lieutenants and privates—gathered from all portions of the Confederacy, to mingle their tears with their praises of their dead hero, when they resolved to rear a monument to his memory, to be surmounted by an equestrian figure, the portraiture of their beloved chief. Eloquent speeches kindled a mournful enthusiasm, from the glowing embers of which sprang the Lee Monument Association—officered by the surviving heroes of the lost cause. Incorporated by the members of the General Assembly of Virginia in January, 1871, it has dragged its slow length along. There can be but one excuse for this delay, for this seeming neglect, and that is that the matter has not been heretofore brought immediately to the notice of the Southern people whose work it is, inaugurated by their representative men. This excuse will hold no longer, since the mayor of every city in the South has been invited on the coming anniversary of the birth of Lee (19th January) to have a thorough canvass of his city made for contributions, and the Governors of the States invoked to interest their people in organizing auxiliary associations. Southern Congressmen have united in the appeal, and gentle, patient, loving woman has been called on to give effect thereto. The public journals have been employed to give due notice to all concerned, and none need now enquire of his neighbor, but all are notified. The Hon. R. M. T. Hunter, for a quarter century U. S. Senator from Virginia, is the treasurer of the Lee Monument Association at Richmond, and he will thankfully receive any contributions forwarded to him.

A Correction.

Correspondence of the News.

I see in your local columns a notice of "Lucy Hutchins," colored, frozen to death. Among other things the writer said "she has been for years an habitual mendicant." The fact as stated does her memory great injustice. The truth is she was well cared for and lived free from want. I have been in the family for more than a quarter of a century, and it affords me great pleasure to say that I have never known one who was more attached to her owners and better cared for by those who knew her. She lived a useful life and never was a "beggar." It is true her mind had given way and the manner of her death is particularly distressing to those who knew her best. Her former owners had perfect confidence in her honesty and truthfulness, and I am proud to say that neither have been call in question since the surrender. She has been decently interred by those who felt an interest in her.

Repectfully,

J. P. H. RUSS.

Cannady for Senator.

Charlotte Observer.

We have it from a source which we consider altogether reliable that there is an understanding among the Republicans, so far as it has been able for the party to arrive at an understanding with itself, that its members in the next General Assembly will vote for Wm. P. Cannady, of Wilmington, ex-mayor of that city, ex-commissioner of the Western North Carolina Railroad, Republican candidate for Congress in 1876 against Waddell, and now editor of the Wilmington Post, for United States Senator. Of course the vote will be entirely complimentary, and the only effect such action as that indicated can have will be to upset the calculations of some Democratic gentleman who may be depending upon this vote to aid him to an election or a re-election, as the case may be, to the Senate. For the benefit of those who may have this sort of interest in the matter, the above information is given.

A Fiddle Against a Carpet Bag.

Chicago Times.

Robert L. Taylor, Congressman elect of a Tennessee district, not only won his election, but also a bride. The fair creature whom he wooed before he won the caucus, registered an oath that unless he carried the election she would none of him. It was a discouraging outlook, for Taylor was nominated by the Democrats in a district furnishing usually a Republican majority of 2,500. He was a mere boy, while his opponent was a skilled politician who had carpet-bagged into the country. Besides, Taylor had but $5 for a campaign fund—$5 and a fiddle. The pulling of the latter string contributed largely to his election. His opponent was not popular, and Taylor, whom he characterized as a "beardless boy that fiddles," won some Republican support. His cause was taken up with so much warmth that he was not under the necessity of drawing upon his slender pile. He talked and fiddled his way through the district, the violin figuring as an incident of the strife because of the opponent's gratuitous sneer at the musical accomplishments of the young man. In opening his campaign Taylor approached the speaker's table with a violin in one hand and a carpet-bag in the other, saying that the serious charge had been made against him that he was a fiddler. Laying fiddle and carpet-bag side by side he asked his audience to choose. The boys took the music, the opposition majority was overcome, a victory of fifteen hundred was achieved for Taylor, and as soon as he received his certificate he secured his bride, a niece of Gov. Vance, of North Carolina.

The Free Labor System.

Our system of free labor has its imperfections, and they are apparent to all. The extreme division of labor tends to make machines of men, and sad, indeed, is the sight of women and children in our mills. Again the capitalist can afford to await results—an advantage that is lacking to the man who brings only his personal service to the work. That the laborers will combine to protect themselves when the progress of knowledge shall have taught them how to combine, there can be little doubt. As a class, they, too, as well as the capitalist, could afford to await results. And in time I believe they will work. For capital is a dead thing—a tool merely—while a laborer is a living force. Any fool may own capital, but it requires a brain to use it properly. By a strange freak debt has come to be looked upon as capital. The two things are totally unlike. In practice the organization of credit inevitably produces commercial crises. From 1793 to 1878—for now we may say that there is a commercial crisis in Germany and in England—there have been fifteen overturnings of affairs—fifteen in eighty years, and occurring, too, at wonderfully regular intervals. What, then is to be said of a machine that throws itself out of gear once in every five years? The funded debts of the civilized nations amount to $32,000,000,000, the interest on which is furnished by the productive laborers, and goes to enrich the fund-holders."

Miss Gilbert on Ex-Convicts.

N. Y. Star.

The letter of the ex-convict, Charles Fisher, published some days ago, has brought out a communication to the press from Miss Linda Gilbert, the lady who has shown such commendable zeal in rescuing convicts from an evil life. This humane and estimable lady states some facts in her experience with convicts that are well worthy the consideration of the public, judges of our courts and the Legislature. She says that during the four years of her work she has found employment for 375 convicts, and that over 200 are on farms steadily laboring, and that their employers do not know they have ever been in prison Others she has started in the peddling business, furnishing them from $3 to $5 capital to begin with. She says: "I am free to say that of the whole number I have endeavored to aid, not 15 per cent. have disappointed me." Then she adds, with truth, no doubt, "I claim to be far in advance of any prison association." That is, she has done far more to reclaim criminals. Far, indeed, are so hardened as not to be reclaimable or improved by humane treatment and by providing the way to live honestly, and it would be well if our people and the Legislatures would do more to Christianize than to brutalize the erring.

Brief Fashion Items.

Some side plaitings are cut so as to form a deep scollop at top and bottom. They are fastened to the dress by bands of bias material. The novelty of the design is their only recommendation.

There is a very strong feeling against over-dressing growing up in more refined circles. Especially at a hop, it is considered extremely vulgar to be much dressed.

Among the pretty new trimmings for light silk dresses, are clusters of very narrow creped ruffles. These are put on to the number of six or eight.

The bonnet is considered the only appropriate head wear for ladies of mature years to wear at receptions or church. Hats are not permitted by the strictest degrees of fashion.

The side comb of our grandmothers comes back to us again. They are very useful in holding puffs and crimps in place. Nets are trying to struggle again into existence, but as yet meet with little favor.

Among the old styles revived is the surplice waist of twenty years ago. It is quite becoming to slender figures, but stout ladies should beware of them, for they increase the avoirdupois to a considerable degree.

Ladies are wearing the hair much plainer than for many years. All false hair, except a few puffs, is looked upon with disfavor. The natural hair is coiled low at the back of the head, and waved slightly, or worn perfectly plain, according to taste and fancy.

Bracelets are rarely worn in pairs, the fancy being to "cross-match" them, if possible, in some grotesque way. One lady wears a vicious looking serpent on one arm and a meek mouse nibbling at a piece of oxydised silver cheese on the other. Insects of all sorts, bugs, snakes, dragons and lizards, are the rage.

The opinion of the people has been fully confirmed by wide spread experience that Dr. Bull's Cough Syrup is the best and cheapest remedy for Coughs, Colds, Sore Throat, Asthma, etc.

ORGAN OF THE DEMOCRATIC PARTY

The News Building, No. 6, Martin Street

The State Debt.

The lapse of time has healed many wounds, repaired great injuries and removed most of the bitter memories of the war, and in unity and restoration the States of the Republic are rapidly moving forward to an era of prosperity that cannot much longer await a national progress such as ours. But that which most obstinately confronts the States of the late Southern Confederacy is their old or ante-war debt. They withstood the rude shock of war; survived the destruction of property, the emancipation of slaves, the impairment of their land values, the loss of stocks and securities, the overthrow of their labor systems, and successfully passed through the carnival of corruption that came with reconstruction; even then the private indebtedness of their people was adjusted in one way or another, and Southern individual credit is as good in any of the trade centres of the North as that of any other section of the country. Our recuperation has been wonderful, and as a section of the country the Southern people have maintained their honor unsullied and their reputations unsmirched. But we have not been able to manage the public debt. In this State, as in most, if the other Southern common- debt was created in aid vements; the bonds especially, stood interruption de dividends the inter- ques- rth

tate debt ought to be adjusted. Its present condition, accumulating interest, and the subjection to disparaging remarks in financial circles, militate against us as a people, in a thousand ways. The circumstance is used against us, to attract the favorable attention of immigrants and capitalists, by comparison, to the States of the West. In Europe our public debt default is presented in every conceivable form of misstatement, to prejudice immigration against us; capital is deterred from investing in lands, manufacturing or other enterprizes, in a State whose debt is constantly increasing by accumulation of interest, and the policy of inaction in regard to its adjustment. Experience teaches that such debts have to be paid, sooner or later, and it becomes a question of most serious consideration to outsiders and outside investors, which should equally engage our own attention, how high the rate of taxation may not some day be fixed in order to meet this indebtedness. The State debt, on paper, has already reached the enormous figure of nearly one-third the taxable value of the State, and while we go on decreasing, the debt is daily increasing. The subject must engage the serious attention of the approaching General Assembly, and the time is propitious for the people to discuss among themselves the condition of their State debt and the extent of their resources. While the people are in no condition to bear a great increase of their public burdens, there is unquestionably a medium, somewhere, between the debtor and creditor, where a spirit of accommodation on the one side and a disposition to do their best on the other, would arbitrate and arrange an equitable adjustment. While we shall stand with the people in opposition to any improper or burdensome increase of taxation at this time, we shall endeavor to discover such a basis of settlement as will offer a sense of relief to the progress and enterprise of our State, and so convince our creditors of our good faith that they will not only accommodate us in an indulgent spirit, but induce a class of capitalists among them to come to our releif in the development of our resources, and the restoration of our prosperity.

Sheep vs. Dogs.

"What we know about farming" may not be a great deal, but we think we are not mistaken when we say that were it not for the ravages of worthless dogs, there is no industry in North Carolina which would yield larger profit than "Sheep Husbandry." In many of the North Western States, the raising of sheep for wool and mutton is a leading and profitable industry. This is so notwithstanding the great disadvantage of long and cold winters rendering it necessary to shelter and feed sheep for about seven months in the year. In this State they require no shelter, and the expense of feeding them is so inconsiderable that it can hardly be determined.

Upon almost every farm in North Carolina, with a little attention to the cultivation of the grasses and improvement of meadow lands, sheep enough could be raised to yield an income equal to the cotton and tobacco grown upon it, and at far less expense. It is certainly wise, and so acknowledged by all farmers, that prominence should be given to such productions as require the least amount of labor. It is well known that the labor and expense of caring for a flock of several hundred sheep amounts to almost nothing. This is no news to the farmer. It is universally conceded by them, and yet there are thousands of farmers who do not have a lamb to eat unless they buy it. We all know the reason. We ask the farmer why he does not keep a flock of sheep and he at once tells you that he cannot afford to take the risk on account of the dogs. Frequently a fine flock is destroyed in one night. It is an astonishing, but literal fact that an important industry, and one that would bring a large revenue to the State, is destroyed by worthless dogs. It is a shame that this is the case and the legislature ought to remedy it. The people, we believe, demand that it shall do so. There ought to be such a tax levied on dogs as shall greatly reduce the quantity now in the State. We do not wish to take an extreme position. It may possibly be well to allow one dog to each family at a small tax, but for all over one, make the "burden too heavy to bear," and require that the allowed to be kept shall be literally he can do no damage. We there are so many who who under the law sug- n one, out of whom ade by a civil action should be made a wning a dog, sheep and or imprisonment, ged upon payment of costs mages.

Will not the legislature take this matter in hand and act upon it promptly and efficiently? The people are tired of half way measures, just as they are tired of milk and cider men—men who are afraid to do what they believe to be right, and for the general interest of the people, for fear it may lose them a vote in some subsequent candidacy. Oh that we could have a legislature of brave, intelligent, patriotic men, who knowing how to do right, would dare to do it.

THE NEWS has received from Hon. John D. Depress, U. S Public Printer, a copy of the Annual Report of that office. It is a very satisfactory report, and shows that the printing of the National Government is now being done at less than half the cost of a few years back, and fully 50 per cent cheaper than it was done even before the war.

VIRGINIA pays her Superior Court Judges $1,600 per annum. North Carolina had a splendid Superior Court bench till the radicals raised the salaries to $2,500, and put Watts, Tourgee, Cloud and Jaybird Jones on the bench.

Kidney Complaints.

CINCINNATI, O., March 19, 1877.

H. R. STEVENS:—

Dear Sir,—I have used your Vegetine for some time, and can truthfully say it has been a great benefit to me, and to those suffering from diseases of the kidneys I cheerfully recommend it.

Respectfully,

O. H. SMITH.

Attested to by K. B. Ashfield, Druggist cor. Eighth and Central Avenues.

Vegetine

Kidney Complaints.

Diseases of the Kidneys, Bladder, &c., are always unpleasant, and at times they become the most distressing and dangerous diseases that can affect the human system. Most diseases of the Kidneys arise from impurities in the blood, causing humors which settle on these parts. Vegetine excels any known remedy in the whole world for cleansing and purifying the blood, thereby causing a healthy action to all the organs of the body.

DR. H. R STEVENS, Boston, Mass:—

Dear Sir—My wife has used your Vegetine for Kidney Complaint and General Debility, and has found great relief from it, so much so that she likes to keep it on hand as a beneficial tonic.

THOMAS H. GOODWIN,

I am personally acquainted with Thos. H. Goodwin, Esq., who is an old and highly respected citizen of Akron.

MISCELLANEOUS.

SAVE YOUR HAIR! TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by so doing means can be saved and beautified.

LYON'S KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent gray ness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles of which the following is

A FAIR SPECIMEN.

I have been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

I deem important respect the Kathairon is what it justly is incomparable. It is unequaled

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet can be complete without Lyon's Kathairon.

DAILY NEWS

WEDNESDAY, ...JANUARY. 1, 187

Wind and Sea.

I.

The wind is a jovial comrade,
He laughs wherever he goes;
His merriment shines in the dimpling lines
That wrinkle his hale repose;
He lays himself down at the feet of the sun,
And shakes all over with glee,
And the broad-backed billows fall faint on the shore,
In the mirth of the mighty sea!

II.

But the wind is sad and restless,
And cursed with an inward pain;
You may hark as you will, by valley or hill,
But you hear him still complain.
He wails on the barren mountains,
And shrieks on the wintry sea;
He sobs in the cedar, and moans in the pine,
And shudders all over the aspen tree.

III.

Welcome are both of their voices,
And I know not which is best—
The laughter that slips from the ocean's lips,
Or the comfortless wind's unrest.
There's a pang in all rejoicing,
A joy in the heart of pain,
And the wind that saddens, the sea that gladdens,
Are singing the selfsame strain!

—Bayard Taylor.

How a Kentucky Landlord Kicked Charles Dickens.

Old Major Throckmorton, keeper of the Galt House in Louisville, is dead. He was a good old man and Kentucky to the bone. When Dickens came to his house in 1846 the Major gracefully and hospitably addressed him thus, while the assembled crowd looked on and listened with admiration akin to enthusiasm: "Mr. Dickens, we are glad to welcome you. We know you and admire you, and will reckon it a privilege to be allowed to extend to you the hospitalities of the metropolis of Kentucky. As your especial host, I beg that you will command me for any service in my power to render." Mr. Dickens received this with a frigid stare. "When I need you, landlord," he said, pointing to the door, "I will ring." The next moment the distinguished author was half way out of the window, the Major's boot under his coat-tail, and numerous Kentuckians holding the Major's coat-tail, for the Major viewed insults from a strictly Kentucky point of view. The only mention of this incident in the "American Notes" is that Dickens saw a pig rooting in the streets of Louisville, which proves that great novelists are more careful about their fiction than their facts.

Will Resumption Resume?

Washington Post.

Every good citizen will rejoice at the prospect of speedy resumption and better times, and will forbear croaking or captious criticism of anything which gives promise of public weal. Nevertheless, it is the part of wisdom to look things squarely in the face and not to be stultified by beliefs which are desirable rather than reasonable. It should be borne in mind that what the Government will attempt after January 1st is merely an experiment. If the first essay at resumption should be fortunate, and if no adverse conditions should arise during a three months' trial, the prospects of its ultimate accomplishment would be greatly improved, but could not become assured under a much longer period. It is upon the Treasury that the burden of resumption will fall, because it is only the Government which is bound to make paper equal to gold. The banks are merely required to redeem in greenbacks as before. It is true these greenbacks can be exchanged for gold at the pleasure of the holder by presentation at the sub-treasury in New York. Thus, while the Government resumes directly, the banks do it indirectly. There is now no disposition on the part of the banks to throw obstacles in the way of resumption, because it is not for their present benefit to do so. They have only to stand aside and see the good work go on. But if it should become their interest to oppose resumption, we must, of course, expect them to make a united stand against it. This contingency, however, is but one of many possible obstacles.

They Take No Interest in Politics.

Washington Post.

It is a singular fact that the wealthy men of our great cities do not interest themselves in municipal politics. The officers who regulate the assessment of their taxes are elected without any care or concern on the part of the men who contribute most heavily to the enormous sums annually collected for municipal expenditures. They forego their right to take part in the enactment of local laws, or the direction of public improvements. They simply pay whatever is demanded in the shape of taxes, grumbling perhaps at the size of the pile, but never seem to think that they have any further duty in the premises. Besides these men of wealth there is another large class of business men, and others of moderate fortunes, who ignore local politics because they imagine that they would be contaminated by mixing in what they regard as "a dirty scramble for spoils." The absence of these powerful forces leaves the direction of municipal affairs to classes that have the least stake in the results to be obtained. We have little respect for the sentiment that produces this neglect of the duty that every man owes to society. The "respectability" that is so fearful of being smirched is not adapted to the republic.

Another Trouble.

Washington Post.

The Solid South is a spectre that will not down. It rises to confront the stalwarts and upset their calculations when least anticipated. Its latest phase has relation to the Grant movement. Some of the Northern managers are becoming alarmed over the prospect of the delegates from the Southern States taking virtual possession of the Presidential Convention, and forcing Grant on the party whether they will or no. The Northern delegates, if united, of course, can control the Southern brethren, but that is just where the trouble lies. They are as absolutely without power to evolve a Solid North in their convention as they are in the country at large.

Wayne Inferior Court.

Goldsboro Messenger.

The Inferior Court closed its labors on Friday last, after a three days' session. A large number of cases were disposed of, and three negroes—Robert Wright, Allen Carroll and Marshal Hagans, and a white tramp named Wm. Baker, all go to the penitentiary for one year each, for larceny. The Solicitor, Mr. Isaac F. Dortch, is a vigorous, able prosecutor, and altogether the Inferior Court is a much needed tribunal in this county.

CELEBRATED

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING Bros. on the wrappers.

Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.

LIVER

This important organ weighs but about three pounds, and all the blood in a living person passes through it at least once every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system, and in trying to escape through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes diseased, and Dyspepsia, Indigestion, Constipation, Headache, Biliousness, Jaundice, Chills, Malarial Fevers, Piles, Sour and Sour Stomach, and general debility follow. MORRELL'S HEPATINE, the great vegetable discovery for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of a few doses upon yellow complexion or a brown dirty looking skin, will astonish all who try it—they being the first symptoms to disappear. The cure of all bilious diseases and Liver complaint is made certain by taking HEPATINE in accordance with directions. Headache is generally cured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given.

BLOOD

Grave mistakes are made in the treatment of all diseases that arise from poison in the blood. Not one case of Scrofula, Syphilis, White Swelling, Ulcerous Sores and Skin Disease, in a thousand, is treated without the use of Mercury in some form. Mercury rots the bones, and the diseases it produces are worse than any other kind of blood or skin disease can be. Dr. PEMBERTON'S STILLINGIA or QUEEN'S DELIGHT is the only medicine upon which a hope of recovery from Scrofula, Syphilis and Mercurial diseases in all stages, can be reasonably founded, and that will cure Cancer.

$10,000 will be paid by the proprietors if Mercury, or any ingredient not purely vegetable and harmless can be found in it.

BY WHICH THEIR SURFACES ARE COVERED WITH A COATING OF PURE DIAMONDS,

imparting to them all the BRILLIANCY, HARDNESS, and refractive qualities of the natural diamond, and making them as desirable for Wear, Brilliancy, and Beauty, as the veritable gems themselves. The Ring, Studs, and Ear Drops, as displayed in this announcement, are accurate engravings of the SOLID GOLD MOUNTINGS, CONTAINING THE WONDERFUL LEFEVRE DIAMONDS, warranted by certificate U. S. Mint assay.

A CERTAIN AND SPEEDY CURE FOR SCROFULA.

FACTS ARE STUBBORN THING

TRADE MARK TRADE MARK

(Registered.)

A BRIEF HISTORY:

The following is from the Raleigh News, and was a voluntary insertion and not an advertisement:

"Years ago an old Indian left a receipt for curing Scrofula with Mrs Person's father. Mrs. Person lives in Franklinton, or in that section. A child was born to Mrs. Person, and it had the scrofula. The doctors gave it up to die. She thought of that receipt, that was now old and musty, and hid away in an upstairs drawer. She concluded if the child was bound to die, it wouldn't hurt to follow that receipt. She went out and gathered the herb, got the whiskey, and did as directed to the child. Her child now lives well and hearty. More than this: Only a few months since a South Carolinian, whose name has slipped us, was suffering with some scrofulous affection on the heel. He had been to the Hot Springs in Arkansas, and from there he went to Kittrell Springs. Nothing did him any good. At Kittrell's they told him of Mrs. Person's recipe, and Dr. — wrote to Mrs. Person if she cured that South Carolinian her receipt was worth money. And the South Carolinian sent her word if she cured him he would give her five hundred dollars. She sent him directions what to do, and added if they cured him he could send her twenty-five dollars; she wouldn't ask five hundred. The South Carolinian went home, and shortly afterward sent Mrs. Person a check for twenty-five dollars, and wrote the most grateful letter he knew how. Bless the old Indians. We would like to have one for a near neighbor."

UNEQUALLED AS A BLOOD PURIFIER

MRS. JOE PERSON:

The medicine I purchased of you last winter proven of lasting benefit to my son, who was troubled with 27 running sores, some of them quite large, and of a scrofulous nature. Before three weeks after beginning the use of your remedy, he was perfectly restored, and is to-day quite sound and healthy. As a TONIC AND BLOOD PURIFIER IT HAS NO EQUAL. Hoping that you may be spared for many years of usefulness, I remain, Very respectfully,

G. J. STOKES

AS A TONIC AND ALTERATIVE

MOORESVILLE, IREDELL Co., N. C.

Being desirous of adding my testimonial to others, concerning the merits of Mrs. Joe Person's remedy for Scrofula, I take pleasure in saying that as a tonic and alterative I do not think it has an equal. I have fairly tested it, and after trying Vegetine, Sarsaparilla, Vinegar Bitters, and various other remedies, I have no hesitation in pronouncing it far superior to any TONIC I have ever used. When I commenced using Mrs. Person's Remedy I was very weak, complexion sallow, and now I am WELL, respectfully your friend,

MRS. H. T. BROWN.

Sept. 25, 1878,

THREE CHILDREN IN THREE WEEKS.

CASTALIA, N. C.

MRS. JOE PERSON:

Dear Madame—Your letter has been received, and on account of being absent from home for a week, or two, have not had the opportunity to answer it. I certainly will take great pleasure in doing all that is within my power towards getting you patients for treatment of Scrofula. I hardly know how to express my gratitude to you for curing my three little children. They took medicine from my family physician for about two years, with scarcely any relief at all. I tried your remedy, and in less than three weeks they were all perfectly cured, and have never shown any sign of breaking out again. I feel very thankful to you. I can safely say that I believe your remedy to be a certain cure for Scrofula. If I can ever be of any service to you in any way, I want you to be sure and call on me. Yours truly,

WM. H. ARRINGTON.

"It will Cure if Fairly Tested."

It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After returning from the Institute I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spiritedness fled before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sore in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the cure already made would commence to retrograde, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience, and not from hearsay. I am a grateful recipient of a cure from the use of it and I am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, is my advice.

I am, respectfully,

JAMES A. MORRIS.

KITTRELL, N. C.

My receipt for the cure of Scrofula has been tried by me with the most unprecedented success for the last twelve years, and I have no hesitation in recommending it as a sovereign cure for that disease and as a general tonic and blood purifier. It is everywhere giving perfect satisfaction, while my experience with it is too limited for me to specially recommend it for other diseases, I believe it will ultimately prove to be of benefit in all cases arising from impurity of the blood and probably for other diseases.

A CASE OF CANCER.

FAYETTEVILLE, N. C., Aug. 12, 1878.

MRS. JOE PERSON:

Dear Madam—I have been using your Remedy for scrofula over five months as an experiment for cancer. The cancer is of long standing, the doctors have been treating it, more or less, for twelve years, it has taken off my upper lip and a good part of my nose. When I began to use your Remedy it was growing rapidly worse, but the medicine seemed to check it very soon, and it has not made much progress since, except about two months ago, the medicine gave out, and I was without several days. It then seemed to start anew, and grew worse very fast, until I had taken the medicine about a week, since then it has not changed much. I think if I could have had the medicine soon enough, it would have cured me.

For more than a year before using your medicine, I was troubled very much with a disease of the heart, an irregularity in its action. It would miss every third beat for hours, then at other times it would increase in its action, and run up to 200 beats per minute. Since using your medicine I am almost entirely relieved of this, rarely feel it, and then not enough to speak of it. I would recommend any one suffering with heart disease to try your medicine. As a Tonic and Alterative, I do not think it has any superior. I have been using all the most powerful Alteratives known to the medical profession for the last 12 years and I know of none superior to this. I think your medicine is destined to be a great blessing to the afflicted. Let every one that needs a Tonic or an Alterative give it a trial, and I do not think they will be disappointed.

Very truly and Respectfully,

J. HINSDALE, Box 141, Fayetteville, N. C.

Reliable Always.

The work done by the fine firm of W. E. Tanner & Co., of Richmond, famous everywhere, has no superior for durability. Their engines are of one of the best patterns, and satisfy all purchasers, while their machinery is in use all over the South.

New Year's Calls.

The white-cravated young gentlemen will celebrate to-day, as is proper, by paying a round of calls, and the usual pleasant rivalry as to who can pay the greatest number, will make things lively. It is understood that the ladies are prepared to receive, and unless the day be inclement it will be very festive indeed.

Newspaper Enterprise.

Mr. Cary Jones, of the Norfolk Virginian, is in the city, engaged in the distribution of a special edition of that popular journal, devoted to the commercial interests of Norfolk, with sketches of its leading business houses. The sheet comprises 8 large pages, handsomely printed and gotten up in first-class style, and marks an era in journalistic enterprise that is highly creditable to our neighbor across the border. The effort is well conceived and will advance the commercial interests of the city of Norfolk.

YESTERDAY'S FIRE.

Hulks Swept Away by the Flames--A Work of Improvement.

At about 5:30 o'clock yesterday morning the alarm of the fire bell gave note that a fire had broken out in the business portion of the city, and the streets rapidly filled with early risers and others who sprang from their beds. The flame-light shone over Fayetteville street as it rose from the double two-story wooden building opposite the post office, owned by the estate of the late B. F. Moore, part in use as a store, and the other as offices, a cigar manufactory, barber shop, etc. The fire was first seen by a party from a window in a building in the rear. At that time it is said that the flames were confined to the shed room in rear of Bradley's confectionery, but the old building burned like tinder, and soon half of it was on fire inside. The Chemical engine was first at the scene, followed by the Victor and Rescue, while both the Hook and Ladder and Bucket Companies were on hand. The fire was found to be raging in Bradley's, and it proved a very furnace in heat. The heart of the fire was found to be hard to reach, but the firemen made use of every advantage. All this while all the articles of value in the entire building, save the store and the rooms above, were carried out by active workers, and put in places of safety. The buildings on fire were luckily bounded by lofty brick walls, which shut off the chances of danger to others. The flames rose up and burned away the window casings in the upper floor of the Bagley building, but firemen took a line of hose there from the Chemical engine, and prevented serious injury. Fortunately there was an abundance of water and the engines kept the building deluged, while the firemen cut and tore away the woodwork on fire. So after some two hours' work, which was at once both difficult and dangerous, the clouds of steam that rose in billows showed the firemen were again the victors. The building was entirely gutted and in greater part destroyed. How so much was saved as now remains seems almost a miracle.

The following were the occupants, and the extent of their loss and insurance:

R. H. Bradley, confections and fancy goods. Stock entirely destroyed. Value $1500. Insured for $500 in Virginia Home.

Jones & O'Neill, cigar manufacturers, (over Bradley's). Loss total. Estimated at $1200. No insurance.

W. G. Otey, Barber shop. Everything saved, with slight breakage. No insurance.

S. D. Wait, Agency Connecticut Mutual Life Insurance Company. No loss.

Grey & Stamps, law office. Slight loss. Insured for $300.

Gilliam & Gatling, law office. Loss slight.

P. C. Walker, apartment on second floor. No loss.

There were some 20 rooms in the building, which was very old, a regular rookery in fact. The fire is supposed to have originated in the room in rear of Bradley's, from a stove. Mr. Bradley was so fortunate as to save his principal books of accounts. In the rear of Otey's barber shop, one of his colored assistants was asleep, and he was not roused until the front door was beaten in. No one else was asleep in the building at the time. The ruins were a scene of great interest yesterday, and were guarded by the police. So far as the dangerous buildings themselves were concerned there is a general expression of satisfaction at the loss, but the losers by the fire have the best sympathy of all.

Information for the People of Raleigh.

The most interesting thing done in this city during the winter, is the devoted work of the Young Men's Christian Association. It has been in active operation for many years, and has had great success with its principal feature, that of bestowing charity. The practice of maintaining this object successfully is only by organization. The principal feature being that of charity, it is common to the whole community, and it is very necessary that the people of Raleigh understand fully the workings of this institution.

The Association is composed principally of church members. By uniting a large number of christian workers, in our common cause, the facts below will that, there is less imposition, more economy, and a greater amount of good accomplished than could possibly be effected in any other way.

The successful operations of this society are due to the systematic and business way in which the work is conducted. The city is divided into districts, a distributor is appointed for each, whose duty is to find out the actual destitution in his district, when an order is given to a grocer with whom arrangements are made to furnish rations to the parties at reduced rates. Wood is furnished in like manner, except the Association buys its own wood in large quantities on the line of some railroad, as it is hauled by the roads at considerably lower rates. The wood is placed in a yard under the control of a committee, who receive the orders from the distributors, and send the wood to the parties in need Wood costs the Association about half the price asked by a regular dealer. Funds placed in the hands of the Association relieve double the distress, than if distributed generally. John T. Pullen, Graham Haywood and P. C. Enniss are the committee on collections. Contributions can be sent to W. S. Primrose, Treasurer of the Association. A. M. McPheeters is the wood manager, contributions in wood, can be sent to him. Great good has been done by this Association, and it continues to do so. Funds are wanted, let the citizens respond liberally.

It is easy to say humanity, but hard to understand the fullness of its meaning. All are kind to the poor, but kindness is not what is wanted when they are suffering for food and fuel.

Death of an Aged Minister.

The Charlotte Observer says: "Rev. Samuel Pearce died of paralysis at his residence in this city on the morning of the 25th inst., in the seventy-first year of his age. Mr. Pearce was a local minister of the Methodist Episcopal Church, South. He was born at Truro, county of Cornwall, England, and came to this country at an early age, and lived in Virginia, where he entered the Methodist ministry. A number of years ago he moved to North Carolina, and in many parts of the State became well known. He was the publisher of the best map of the State we have ever had. Mr. Pearce died full of years, and there are many friends who mourn him." Mr. Pearce was well known here, and was with Mr. Alfred Williams in the business of map publishing some years ago.

A Card of Thanks.

Please allow us through your columns to express our thanks to our firemen, and citizens generally, for the numerous kind and efficient offices rendered us in yesterday's fire, and also our deep appreciation of the courtesies tendered us by our professional brethren.

Respectfully, &c.,

GRAY & STAMPS.

Law's Card.

We warmly thank our numerous friends in Raleigh, Charlotte and throughout the State, for their liberal patronage this Christmas. We rightly estimated the cultured taste of North Carolinians in introducing the elegant and exquisite "Japanese" wares. Our stock has been entirely exhausted; our fine selections of "electro-plate ware," too, were abundantly justified, and we will have, at once, to replenish our store. Fine vases, toilet sets, china and glass goods actually "sold themselves" We still have numerous calls for "Japanese," and in a few days we will have another splendid lot, already selected.

And only ask for No. 10,
Kept by the most ingenious of men,
And when his friends by chance drop in
Then forth he comes, Lord what a grin,
And to their wondering eyes displays
Such heaps of brackets and window shades.
His pictures are exposed to public view
And a variety of cord to suspend them too,
His looking glasses and toilet cases
Will help adorn your forms and faces;
Picture frames and mouldings too
In great variety, black, brown and blue.
His window cornices and lambrequins fine,
Will make your rooms and parlor shine.

And every other sort of stuff,

It Might Have Been.

When taking a retrospection of our past lives, how often does conscience whisper to broken spirits and wounded hearts the sad, sad words. "It might have been?" Thus it may be with the sufferer who endures the agonies of hemorrhoids, or piles, and heeds not the counsel to try Barham's Infallible Pile Cure, which is warranted to speedily and permanently cure this distressing disease. Kidney Difficulties.

Speer's Port Grape Wine is one of the best diuretics known, it gently acts on the kidneys infusing in them new vigor and urges them to throw from the system all the worn out particles which if suffered to remain would poison the blood and create disease. Every disease to a certain extent demands a diuretic, every part of the system must be in working order to maintain health, and the kidneys especially are the main avenue for the escape of the poisons of the system. Physicians have, after strict trial and due examination, found Speer's Port Grape Wine to answer the purpose admirably, and recommend it in cases where a diuretic is needed. This wine is raised in New Jersey, and sold by druggists generally. It is becoming the principal wine for Communion purposes, and in great demand for evening entertainments by the most fashionable families on 5th and Lexington Avenues, New York. Every Moment's Wonderful Work.

Every moment that we live the work of destruction never ceases among what is scientifically called "the tissues" of which our bodies are composed. Every moment, if we are in health, the work of repairing this destructive process goes on with equal pace. When the vital force is great, more vigor is given to the blood and muscular fibre than the ordinary wear and tear of existence uses up. When the vital force fails from any cause, there ensues a wasting away, which, if not arrested, ends in decay and death. Physicians all declare that when these symptoms of decline set in, the only certain remedy is Cod Liver Oil. But their patients, with almost equal unanimity, say that Cod Liver Oil is "so Nasty" they cannot take it. The only resource left is to obtain SCOTT'S EMULSION OF THE OIL with the HYPOPHOSPHITES OF LIME AND SODA. This is altogether free from disagreeable taste and odor, and is an unequaled tonic, for the nerves and brain.

FOR UPWARDS OF THIRTY YEARS MRS WINSLOW'S Soothing Syrup has been used for children. It corrects acidity of the stomach, relieves wind colic, regulates the bowels, cures dysentery and diarrhœa, whether arising from teething or other causes. An old and well tried remedy. 25 cents a bottle. mar 1-dawly

An Income Without Care.

By the combination method of operating in stocks a handsome income can be secured without care. Capital in any amount, from $100 to $100,000 may be used with equal proportionate success. By this system Messrs. Lawrence & Co., Bankers, N. Y., put the orders of thousands of customers, of various sums, into one vast amount, and co-operate them under the most skillful management, dividing profits equally. Each share holder thus obtains all the advantages of the largest capitalist and experienced skill, and the percentage of profits is very great; $20 will pay $100 in 30 days; $2 0 will return $1 8 5, or 7½ per cent. on the stock, and so on, as the market varies. P. D. Drake, Esq., publisher Rock Island, (Ill.,) Daily Argus, made $104.15 on an investment of $2 , in October. Hundreds of others are doing even better. Messrs. Lawrence & Co.'s new circular has "two unerring rules for success in stock opera tions" and full information, so that any one can deal in stocks. All kinds of bonds and stocks wanted. New government bonds supplied. Deposits received. Apply to Lawrence & Co., Bankers, 57 Exchange Place, N. Y. City. Tuwf.

Wind and Sea.

I.

The wind is a jovial comrade,
He laughs wherever he goes;
His merriment shines in the dimpling lines
That wrinkle his hale repose;
He lays himself down at the feet of the sun,
And shakes all over with glee,
And the broad-backed billows fall faint on the shore,
In the mirth of the mighty sea!

II.

But the wind is sad and restless,
And cursed with an inward pain;
You may hark as you will, by valley or hill,
But you hear him still complain.
He wails on the barren mountains,
And shrieks on the wintry sea;
He sobs in the cedar, and moans in the pine,
And shudders all over the aspen tree.

III.

Welcome are both of their voices,
And I know not which is best—
The laughter that slips from the ocean's lips,
Or the comfortless wind's unrest.
There's a pang in all rejoicing,
A joy in the heart of pain,
And the wind that saddens, the sea that gladdens,
Are singing the selfsame strain!

—Bayard Taylor.

How a Kentucky Landlord Kicked Charles Dickens.

Old Major Throckmorton, keeper of the Galt House in Louisville, is dead. He was a good old man and Kentucky to the bone. When Dickens came to his house in 1846 the Major gracefully and hospitably addressed him thus, while the assembled crowd looked on and listened with admiration akin to enthusiasm: "Mr. Dickens, we are glad to welcome you. We know you and admire you, and will reckon it a privilege to be allowed to extend to you the hospitalities of the metropolis of Kentucky. As your especial host, I beg that you will command me for any service in my power to render." Mr. Dickens received this with a frigid stare. "When I need you, landlord," he said, pointing to the door, "I will ring." The next moment the distinguished author was half way out of the window, the Major's boot under his coat-tail, and numerous Kentuckians holding the Major's coat-tail, for the Major viewed insults from a strictly Kentucky point of view. The only mention of this incident in the "American Notes" is that Dickens saw a pig rooting in the streets of Louisville, which proves that great novelists are more careful about their fiction than their facts.

Will Resumption Resume?

Washington Post.

Every good citizen will rejoice at the prospect of speedy resumption and better times, and will forbear croaking or captious criticism of anything which gives promise of public weal. Nevertheless, it is the part of wisdom to look things squarely in the face and not to be stultified by beliefs which are desirable rather than reasonable. It should be borne in mind that what the Government will attempt after January 1st is merely an experiment. If the first essay at resumption should be fortunate, and if no adverse conditions should arise during a three months' trial, the prospects of its ultimate accomplishment would be greatly improved, but could not become assured under a much longer period. It is upon the Treasury that the burden of resumption will fall, because it is only the Government which is bound to make paper equal to gold. The banks are merely required to redeem in greenbacks as before. It is true these greenbacks can be exchanged for gold at the pleasure of the holder by presentation at the sub-treasury in New York. Thus, while the Government resumes directly, the banks do it indirectly. There is now no disposition on the part of the banks to throw obstacles in the way of resumption, because it is not for their present benefit to do so. They have only to stand aside and see the good work go on. But if it should become their interest to oppose resumption, we must, of course, expect them to make a united stand against it. This contingency, however, is but one of many possible obstacles.

They Take No Interest in Politics.

Washington Post.

It is a singular fact, that the wealthy men of our great cities do not interest themselves in municipal politics. The officers who regulate the assessment of their taxes are elected without any care or concern on the part of the men who contribute most heavily to the enormous sums annually collected for municipal expenditures. They forego their right to take part in the enactment of local laws, or the direction of public improvements. They simply pay whatever is demanded in the shape of taxes, grumbling perhaps at the size of the pile, but never seem to think that they have any further duty in the premises. Besides these men of wealth there is another large class of business men, and others of moderate fortunes, who ignore local politics because they imagine that they would be contaminated by mixing in what they regard as "a dirty scramble for spoils." The absence of these powerful forces leaves the direction of municipal affairs to classes that have the least stake in the results to be obtained. We have little respect for the sentiment that produces this neglect of the duty that every man owes to society. The "respectability" that is so fearful of being smirched is not adapted to the republic.

Another Trouble.

Washington Post,

The Solid South is a spectre that will not down. It rises to confront the stalwarts and upset their calculations when least anticipated. Its latest phase has relation to the Grant movement. Some of the Northern managers are becoming alarmed over the prospect of the delegates from the Southern States taking virtual possession of the Presidential Convention, and forcing Grant on the party whether they will or no. The Northern delegates, if united, of course, can control the Southern brethren, but that is just where the trouble lies. They are as absolutely without power to evolve a Solid North in their convention as they are in the country at large.

Wayne Inferior Court.

Goldsboro Messenger.

The Inferior Court closed its labors on Friday last, after a three days' session. A large number of cases were disposed of, and three negroes—Robert Wright, Allen Carroll and Marshal Hagans, and a white tramp named Wm. Baker, all go to the penitentiary for one year each, for larceny. The Solicitor, Mr. Isaac F. Dortch, is a vigorous, able prosecutor, and altogether the Inferior Court is a much needed tribunal in this county.

CELEBRATED

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS. on the wrappers.

Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.

LIVER

This important organ weighs but about three pounds, and all the blood in a living person (about three gallons) passes through it at least once every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system, and in trying to escape through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes diseased, and Dyspepsia, Indigestion, Constipation, Headache, Biliousness, Jaundice, Chills, Malarial Fevers, Piles, Sick and Sour Stomach, and general debility follow. MERRELL'S HEPATINE, the great vegetable discovery for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of even a few doses upon yellow complexion or a brown dirty looking skin, will astonish all who try it—they being the first symptoms to disappear. The cure of all bilious diseases and Liver complaint is made certain by taking HEPATINE in accordance with directions. Headache is generally cured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given.

LUNGS

The fatality of Consumption or Throat and Lung Diseases, which sweep to the grave at least one-third of all death's victims, arises from the Opium or Morphine treatment, which simply stupefies as the work of death goes on. $5,000 will be paid if Opium or Morphine, or any preparation of Opium, Morphine or Prussic Acid, can be found in the GLOBE FLOWER COUGH SYRUP, which is recommended to those who are living solely with but one remaining lung. No greater wrong can be done than to say that Consumption is incurable. GLOBE FLOWER COUGH SYRUP will cure it when all other means have failed. Also, Colds, Cough, Asthma, Bronchitis, and all diseases of the throat and lungs. Read the testimonials of the Hon Alexander H. Stephens, Gov. Smith and Ex-Gov. Brown of Ga., Hon. Geo. Peabody, as well as those of other remarkable cures in our book, free to all at the drug stores, and be convinced that if you wish to be cured you can be by taking the GLOBE FLOWER COUGH SYRUP. BLOOD

Grave mistakes are made in the treatment of all diseases that arise from poison in the blood. Not one case of Scrofula, Syphilis, White Swelling, Ulcerous Sores and Skin Disease, in a thousand, is treated without the use of Mercury in some form. Mercury rots the bones, and the diseases it produces are worse than any other kind of blood or skin disease can be. DR. PEMBERTON'S STILLINGIA or QUEEN'S DELIGHT is the only medicine upon which a hope of recovery from Scrofula, Syphilis and Mercurial diseases in all stages, can be reasonably founded, and that will cure Cancer.

$10,000 will be paid by the proprietors if Mercury, or any ingredient not purely vegetable and harmless can be found in it.

BY WHICH THEIR SURFACES ARE COVERED WITH A COATING OF PURE DIAMONDS, imparting to them all the BRILLIANCY, HARDNESS, and refractive qualities of the natural diamond, and making them as desirable for Wear, Brilliancy, and Beauty, as the veritable gems themselves. The Ring, Studs, and Ear Drops, as displayed in this announcement, are accurate engravings of SOLID GOLD MOUNTINGS, CONTAINING THE WONDERFUL LEFEVRE DIAMOND, warranted by certificate U. S. HOME REMEDY.

A CERTAIN AND SPEEDY CURE FOR SCROFULA.

FACTS ARE STUBBORN THING

TRADE MARK TRADE MARK

(Registered.)

A BRIEF HISTORY:

The following is from the Raleigh News, and was a voluntary insertion and not an advertisement:

"Years ago an old Indian left a receipt for curing Scrofula with Mrs Person's father. Mrs. Person lives in Franklinton, or in that section. A child was born to Mrs. Person, and it had the scrofula. The doctors gave it up to die. She thought of that receipt, that was now old and musty, and hid away in an upstairs drawer. She concluded if the child was bound to die, it wouldn't hurt to follow that receipt. She went out and gathered the herb, got the whiskey, and did as directed to the child. Her child now lives well and hearty. More than this: Only a few months since a South Carolinian, whose name has slipped us, was suffering with some scrofulous affection on the heel. He had been to the Hot Springs in Arkansas, and from there he went to Kittrell Springs. Nothing did him any good. At Kittrells they told him of Mrs. Person's recipe, and Dr. — wrote to Mrs. Person if she cured that South Carolinian her receipt was worth money. And the South Carolinian sent her word if she cured him he would give her five hundred dollars. She sent him directions what to do, and asked if they cured him he could send her twenty-five dollars; she wouldn't ask five hundred. The South Carolinian went home, and shortly afterward sent Mrs. Person a check for twenty-five dollars, and wrote the most grateful letter he knew how. Bless those old Indians. We would like to have one for a near neighbor."

UNEQUALLED AS A BLOOD PURIFIER.

MRS. JOE PERSON:

The medicine I purchased of you last winter proved of as much benefit to my son, who was troubled with 27 running sores, some of them quite large, and of a scrofulous nature. In less than three weeks after commencing the use of your remedy, he was perfectly restored, and is to-day quite sound and healthy. AS A TONIC AND BLOOD PURIFIER IT HAS NO EQUAL, hoping that you may be spared for many years of usefulness, I remain, Very respectfully,

T. J. STOKES

Louisburg, N. C., May 22, '78.

AS A TONIC AND ALTERATIV

MOORESVILLE, IREDELL Co., N. C.

Feling desirous of adding my testimonia to others, concerning the merits of Mrs. Joe Person's Remedy for Scrofula, I take pleasure in saying that as a tonic and alterative I do not think it has an equal. I have fairly tested it, and after trying Vegetine, Sarsaparilla, Vinegar Bitters, and various other remedies, I have no hesitation in pronouncing it far superior to any and all. I have ever used. When I commenced using Mrs. Person's Remedy I was very weak, complexion sallow, and now I am WELL,

Respectfully your friend,

MRS. H. T. BROWN.

Sept. 25, 1878,

THREE CHILDREN IN THREE WEEKS.

CASTALIA, N. C.

MRS. JOE PERSON:

Dear Madame—Your letter has been received, and on account of being absent from home for a week or two, have not had the opportunity to answer it. I certainly will take great pleasure in doing all that is within my power towards getting you patients for treatment of Scrofula. I hardly know how to express my gratitude to you for curing my three little children. They took medicine from my family physician for about two years, with scarcely any relief at all. I tried your remedy, and in less than three weeks they were all perfectly cured, and have never shown any sign of breaking out again. I feel very thankful to you. I can safely say that I believe your remedy to be a certain cure for Scrofula. If I can ever be of any service to you in any way, I want you to be sure and call on me. Yours truly,

WM. H. ARRINGTON.

"It will Cure if Fairly Tested."

It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After I returned from the Institute I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spiritedness fled before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sore in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the cure already made would commence to retrograde, and for this alone it should be taken regularly until a effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience, and not from hearsay. I am a grateful recipient of a cure from the use of it and I am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try and be cured, is my advice.

I am, respectfully,

JAMES A. MORRIS.

KITTRELL, N. C.

My receipt for the cure of Scrofula has been tried by me with the most unprecedented success for the last twelve years, and I have no hesitation in recommending it as a sovereign cure for that disease and as a general tonic and Blood purifier. It is everywhere giving perfect satisfaction, while my experience with it is too limited for me to specially recommend it for other diseases. I believe it will ultimately prove to be of benefit in all cases arising from impurity of the blood and probably for other diseases.

A CASE OF CANCER.

FAYETTEVILLE, N. C., Aug. 12, 1878.

MRS. JOE PERSON:

Dear Madam—I take pleasure in using your Remedy for scrofula over five months as an experiment for cancer. The cancer is of long standing, the doctors have been treating it, more or less, for twelve years. It has taken off my upper lip and a good part of my nose. When I began to use your Remedy it was growing rapidly worse, but the medicine seemed to check it very soon, and it has not made much progress since, except about two months ago, the medicine gave out, and I was without several days. It then seemed to start anew, and grew worse very fast, until I had taken the medicine about a week, since then it has not changed much. I think if I could have had the medicine soon enough, it would have cured me.

For more than a year before using your medicine, I was troubled very much with a disease of the heart, an irregularity in its action. It would miss every third beat for hours, then at other times it would increase in its action, and run up to 200 beats per minute. Since using your medicine I am almost entirely relieved of this, rarely feel it, and then not enough to speak of it. I would recommend any one suffering with heart disease to try your medicine. As a Tonic and Alterative, I do not think it has any superior. I have been using all the most powerful Alteratives known to the medical profession for the last 12 years and I know of none superior to this. I think your medicine is destined to be a great blessing to the afflicted. Let every one that needs a Tonic or an Alterative give it a trial, and I do not think they will be disappointed.

Very truly and Respectfully,

JOHN BUIE, Box 141,
Fayetteville, N. C.

LOCAL BRIEFS.

——1879.

——A happy New Year.

——The banks will all be closed today.

——The night police go off duty in the morning at 5 o'clock.

——The market stalls will be rented to-day for the ensuing year.

——Bragassa has just received a fine lot of masks at his fancy store.

——Tony Denier is coming this way with his Humpty Dumpty troupe.

——Many compliments, are paid the firemen for their gallantry yesterday.

——The delivery at the post office will be open from 8 to 9:30 a. m. today.

——Trade was again dull yesterday, but the fire supplied the necessary excitement.

——Haywood Saunders, colored, was put in jail yesterday for abandonment of his wife and family.

——Mr. R. H. Bradley desires the party who has the two books of his, rescued from the fire, to return them.

——A gentleman last evening caught a fat 'possum on Blount street, near the Baptist school. This sort of sport is becoming popular here.

——The weather promises to be the opposite of auspicious to-day, but let all hope that the year which comes in sadly will go out gladly.

——The negro, Sam Wilkins, well known as a bad character, resisted a policeman and received a severe clubbing before he would desist.

——Sheriff D. A. Grantham settled the taxes of Wayne county with the State Treasurer, paying in: Public taxes, $7,560 94; special taxes, $3,980.39; total, $11,541.33.

——About twenty-five tons of railroad iron passed through this city yesterday, to be laid on the Western Railroad of North Carolina to Gulf, in Chatham county.

——There was no insurance on the two buildings burned yesterday. They will be entirely torn down in a few days, it is said to make room for two handsome brick stores.

——A very pleasant entertainment was given the children of the Sunday School of Christ Church in the Chapel, last evening, which proved particularly pleasant to all concerned.

——The Higgs' House continues to hold a high place in public esteem, and an advertisement setting forth a few of its many merits will appear to-morrow.

—— Messrs. Petty & Jones make a special offer of certain lines of their goods, at bargains, as will be found by calling at their elegant dry goods emporium.

——No call has yet been made for the different ministers of the churches to meet to arrange for the observance of the Week of Prayer, which commences next Sabbath, and will be observed throughout the world.

——The postmaster has received notice that there are to be six lamp-post letter boxes put up now, and that an allowance has been made for a messenger to collect mails. There will perhaps be a dozen boxes up before long.

——There are five clerks is the post office here, who are probably unequalled for morality. They neither curse, drink or smoke. As these are times when these vices are so prevalent, it is proper to make mention of these facts.

——The police passed by Bradley's store about half an hour before the alarm of fire, but as the shades were down, could not see inside. Merchants are asked to leave their window-shades up, so that interiors of stores will be visible from the outside.

——As will be seen by reference to the advertisement elsewhere, Mr. W. R. Greason will re-open the saloon on Wilmington street, so long kept by Mr. Pepper. He will have on hand all the delicacies of the season, as well as substantials, and will keep up the reputation of the stand.

——Wayne county yesterday sent up four convicts, in charge of Sheriff D. A. Grantham. They were. William Baker, white, larceny, 2 years; and Allen Carroll, Robert Wright and Marshall Hagans, all colored, guilty of larceny, and sentenced for two years.

——Mr. James O. Hayes, of this city, does an immense business in furs. He buys great quantities daily. The prices paid are the highest. For instance, otter skins are worth from $3 to $4, while those of the mink sell at 65 cents and of the rabbit at 3 cents each.

Reliable Always.

The work done by the fine firm of W. E. Tanner & Co., of Richmond, famous everywhere, has no superior for durability. Their engines are of one of the best patterns, and satisfy all purchasers, while their machinery is in use all over the South.

New Year's Calls.

The white-cravated young gentlemen will celebrate to-day, as is proper, by paying a round of calls, and the usual pleasant rivalry as to who can pay the greatest number, will make things lively. It is understood that the ladies are prepared to receive, and unless the day be inclement it will be very festive indeed.

Newspaper Enterprise.

Mr. Cary Jones, of the Norfolk Virginian, is in the city, engaged in the distribution of a special edition of that popular journal, devoted to the commercial interests of Norfolk, with sketches of its leading business houses. The sheet comprises 8 large pages, handsomely printed and gotten up in first-class style, and marks an era in journalistic enterprise that is highly creditable to our neighbor across the border. The effort is well conceived and will advance the commercial interests of the city of Norfolk.

YESTERDAY'S FIRE.

Hulks Swept Away by the Flames--A Work of Improvement.

At about 5:30 o'clock yesterday morning the alarm of the fire bell gave note that a fire had broken out in the business portion of the city, and the streets rapidly filled with early risers and others who sprang from their beds. The flame-light shone over Fayetteville street as it rose from the double two-story wooden building opposite the post office, owned by the estate of the late B. F. Moore, part in use as a store, and the other as offices, a cigar manufactory, barber shop, etc. The fire was first seen by a party from a window in a building in the rear. At that time it is said that the flames were confined to the shed room in rear of Bradley's confectionery, but the old building burned like tinder, and soon half of it was on fire inside. The Chemical engine was first at the scene, followed by the Victor and Rescue, while both the Hook and Ladder and Bucket Companies were on hand. The fire was found to be raging in Bradley's, and it proved a very furnace in heat. The heart of the fire was found to be hard to reach, but the firemen made use of every advantage. All this while all the articles of value in the entire building, save the store and the rooms above, were carried out by active workers, and put in places of safety. The buildings on fire were luckily bounded by lofty brick walls, which shut off the chances of danger to others. The flames rose up and burned away the window casings in the upper floor of the Bagley building, but firemen took a line of hose there from the Chemical engine, and prevented serious injury. Fortunately there was an abundance of water and the engines kept the building deluged, while the firemen cut and tore away the woodwork on fire. So after some two hours' work, which was at once both difficult and dangerous, the clouds of steam that rose in billows showed the firemen were again the victors. The building was entirely gutted and in greater part destroyed. How so much was saved as now remains seems almost a miracle.

The following were the occupants, and the extent of their loss and insurance:

R. H. Bradley, confections and fancy goods. Stock entirely destroyed. Value $1500. Insured for $500 in Virginia Home.

Jones & O'Neill, cigar manufacturers, (over Bradley's). Loss total. Estimated at $1200. No insurance.

W. G. Otey, Barber shop. Everything saved, with slight breakage. No insurance.

S. D. Wait, Agency Connecticut Mutual Life Insurance Company. No loss.

Grey & Stamps, law office. Slight loss. Insured for $300.

Gilliam & Gatling, law office. Loss slight.

P. C. Walker, apartment on second floor. No loss.

There were some 20 rooms in the building, which was very old, a regular rookery in fact. The fire is supposed to have originated in the room in rear of Bradley's, from a stove. Mr. Bradley was so fortunate as to save his principal books of accounts. In the rear of Otey's barber shop, one of his colored assistants was asleep, and he was not roused until the front door was beaten in. No one else was asleep in the building at the time. The ruins were a scene of great interest yesterday, and were guarded by the police. So far as the dangerous buildings themselves were concerned there is a general expression of satisfaction at the loss, but the losers by the fire have the best sympathy of all.

Information for the People of Raleigh.

The most interesting thing done in this city during the winter, is the devoted work of the Young Men's Christian Association. It has been in active operation for many years, and has had great success with its principal feature, that of bestowing charity. The practice of maintaining this object successfully is only by organization. The principal feature being that of charity, it is common to the whole community, and it is very necessary that the people of Raleigh understand fully the workings of this institution.

The Association is composed principally of church members. By uniting a large number of christian workers, in our common cause, the facts below will that, there is less imposition, more economy, and a greater amount of good accomplished than could possibly be effected in any other way.

The successful operations of this society are due to the systematic and business way in which the work is conducted. The city is divided into districts, a distributor is appointed for each, whose duty is to find out the actual destitution in his district, when an order is given to a grocer with whom arrangements are made to furnish rations to the parties at reduced rates. Wood is furnished in like manner, except the Association buys its own wood in large quantities on the line of some railroad, as it is hauled by the roads at considerably lower rates. The wood is placed in a yard under the control of a committee, who receive the orders from the distributors, and send the wood to the parties in need. Wood costs the Association about half the price asked by a regular dealer. Funds placed in the hands of the Association relieve double the distress, than if distributed generally. John T. Pullen, Graham Haywood and P. C. Enniss are the committee on collections. Contributions can be sent to W. S. Primrose, Treasurer of the Association. A. M. McPheeters is the wood manager, contributions in wood, can be sent to him. Great good has been done by this Association, and it continues to do so. Funds are wanted, let the citizens respond liberally.

It is easy to say humanity, but hard to understand the fullness of its meaning. All are kind to the poor, but kindness is not what is wanted when they are suffering for food and fuel.

Death of an Aged Minister.

The Charlotte Observer says: "Rev. Samuel Pearce died of paralysis at his residence in this city on the morning of the 25th inst., in the seventy-first year of his age. Mr. Pearce was a local minister of the Methodist Episcopal Church, South. He was born at Truro, county of Cornwall, England, and came to this country at an early age, and lived in Virginia, where he entered the Methodist ministry. A number of years ago he moved to North Carolina, and in many parts of the State became well known. He was the publisher of the best map of the State we have ever had. Mr. Pearce died full of years, and there are many friends who mourn him." Mr. Pearce was well known here, and was with Mr. Alfred Williams in the business of map publishing some years ago.

A Card of Thanks.

Please allow us through your columns to express our thanks to our firemen, and citizens generally, for the numerous kind and efficient offices rendered us in yesterday's fire, and also our deep appreciation of the courtesies tendered us by our professional brethren.

Respectfully, &c.,

GRAY & STAMPS.

Messrs. M. T. Leach & Co.

The announcement of the copartnership between Mr. M. T. Leach, the widely popular wholesale grocer, &c., and Mr. G. Edgar Leach, the cleverest of young men, is made in this morning's News.

The union in business of two brothers who have been intimately associated in business for so many years, is both natural and proper. The name of Leach is as solid and means as much in commercial circles as any other in this city.

Mr. M. T. Leach, an accomplished and successful business man, has been actively engaged in business for the past 10 years. He was the active member of the firm of Leach Bros., which was established in 1869, and succeeded by him in 1876. Mr. G. E. Leach has presided over the books and accounts of the concern for the past six years, and has a first-class reputation. This firm can be commended to the public as strictly reliable in every respect.

Otey, the barber, has gone into the basement of the Bagley building.

Law's Card.

We warmly thank our numerous friends in Raleigh, Charlotte and throughout the State, for their liberal patronage this Christmas. We rightly estimated the cultured taste of North Carolinians in introducing the elegant and exquisite "Japanese" wares. Our stock has been entirely exhausted; our fine selections of "electro-plate ware," too, were abundantly justified, and we will have, at once, to replenish our store. Fine vases, toilet sets, china and glass goods actually "sold themselves." We still have numerous calls for "Japanese," and in a few days we will have another splendid lot, already selected.

Law's Silver and China Store,

There is also a full stock of cotton ties and bagging. The firm is prepared to pay particular attention to consignments of cotton, etc. *

The Smokers' Paradise.

The delights of this elysium have been sung by many of the devotes of the weed. But none are so competent to speak of its blisses as those who purchase their tobacco and cigars from the elegant little store of F. Gruendler, opposite the postoffice. *

Removal---W. R. Pepper, the Original Restaurateur,

On January 1, 1879, will move to the Green Front Saloon, on Hargett street, his old place. The establishment is being remodeled, refurnished and refitted, and will be one of the handsomest saloons in the city. The best liquors will be kept in stock, and the choicest eating can always be had. Oysters served in every style. *

Hurry Up!

And call on J. C. Brewster to buy your Christmas goods. He has anything and everything suitable for making presents. Articles both useful and ornamental for the household, which always makes home cheerful.

If you want a pan to bake your cake or Christmas turkey in go to Brewsters. If you want a present for your wife, your boy or girl, he has the most suitable for each. He has tool chests, scroll saws and in fact anything you want, and you can find no fault with his prices.

For Rent.

A good dwelling house, with 4 rooms, kitchen and garden attached, in the business portion of the city.

Try "Old Hickory" sun cured tobacco if you are looking for the finest that is now manufactured. It is an exquisite chew and a great treat for hose who use the weed. *

Bargains in Toys and Baskets.

We intend to close out our stock of Toys and Baskets at cost or less, so don't fail to call and get a bargain at Oak City Confectionery and Grocery. *

Unheard of Bargains!

AT THE INDEFATIGABLE ENDEAVORS TO PLEASE THE PUBLIC SO HERE GOES.

Ye muses nine, inspire my pen,
To sing of Fayetteville streeet, No 10,
Who tries his best to please his friends
And in his labors never ends,
Bargains he'll give you when you call
For No. 10 is all and all.
Of other houses you hear them talk;
In Fayetteville street just take a walk,
And only ask for No. 10,
Kept by the most ingenious of men,
And when his friends by chance drop in
Then forth he comes, Lord what a grin,
And to their wondering eyes displays
Such heaps of brackets and window shades.
His pictures are exposed to public view
And a variety of cord to suspend them too,
His looking glasses and toilet cases
Will help adorn your forms and faces;
Picture frames and mouldings too
In great variety, black, brown and blue.
His window cornices and lambrequins fine,
Will make your rooms and parlor shine.
Perforated mottoes, and white holly baskets.
And every other sort of stuff,
Of which he hopes to have enough.
So now he bids your all adieu
And wishes a happy Christmas too.
And not forget

It Might Have Been.

When taking a retrospection of our past lives, how often does conscience whisper to broken spirits and wounded hearts the sad, sad words. "It might have been?" Thus it may be with the sufferer who endures the agonies of hemorrhoids, or piles, and heeds not the counsel to try Barham's Infalliable Pile Cure, which is warranted to speedily and permanently cure this distressing disease. Manufactured by the Barham Pile Cure Co., Durham, N. C.

Kidney Difficulties.

Speer's Port Grape Wine is one of the best diuretics known, it gently acts on the kidneys infusing in them new vigor and urges them to throw from the system all the worn out particles which if suffered to remain would poison the blood and create disease. Every disease to a certain extent demands a diuretic, every part of the system must be in working order to maintain health, and the kidneys especially are the main avenue for the escape of the poisons of the system. Physicians have, after strict trial and due examination, found Speer's Port Grape Wine to answer the purpose admirably, and recommend it in cases where a diuretic is needed. This wine is raised in New Jersey, and sold by druggist generally. It is becoming the principal wine for Communion purposes, and in great demand for evening entertainments by the most fashionable families on 5th and Lexington Avenues, New York. Salesroom 34 Warren Street, N. Y. Williams & Haywood.

PREVENTIVE OF MALARIA.—Colden's Liebig's EXTRACT of Beef and Tonic Invigorator is a very agreeable article of diet, and particularly useful when tonics are required, being tolerated when other forms of animal food are rejected. In *diptheria, ague, malarial typhoid fevers*, and every depressing disease, its use will be attended with great advantage. We have prescribed it with excellent success. J. Redheffer, M. D.; G. H. Copp, M. D.; S. H. Frasons, M. D.; W. A. Vaughan, M. D. Drs. S. L. and J. C. Nicholet; Wm. Porter, M. D.; and many others. Sold by all druggists. nov 28-4w

Every Moment's Wonderful Work.

Every moment that we live the work of destruction never ceases among what is scientifically called "the tissues" of which our bodies are composed. Every moment, if we are in health, the work of repairing this destructive process goes on with equal pace. When the vital force is great, more vigor is given to the blood and muscular fibre than the ordinary wear and tear of existence uses up. When the vital force fails from any cause, there ensues a wasting away, which, if not arrested, ends in decay and death. Physicians all declare that when these symptoms of decline set in, the only certain remedy is Cod Liver Oil. But their patients, with almost equal unanimity, say that Cod Liver Oil is "so Nasty" they cannot take it. The only resource left is to obtain SCOTT'S EMULSION OF THE OIL with the HYPOPHOSPHITES OF LIME AND SODA. This is altogether free from disagreeable teaste and order, and is an unequalled tonic, for the nerves and brain.

FOR UPWARDS OF THIRTY YEARS MRS WINSLOW'S Soothing Syrup has been used for children. It corrects acidity of the stomach, relieves wind colic, regulates the bowels, cures dysentery and diarrhœa, whether arising from teething or other causes. An old and well tried remedy. 25 cents a bottle. mar1-ddwly

An Income Without Care.

By the combination method of operating in stocks a handsome income can be secured without care. Capital in any amount, from $10 to $10,000, may be used with equal proportionate success. By this system Messrs. Lawrence & Co., Bankers, N. Y., pool the orders of thousands of customers, of various sums, into one vast amount, and co-operate them under the most skillful management, dividing profits monthly. Each share holder thus obtains all the advantages of the largest capital and experienced skill, and the percentage of profits is very great; $20 will pay $100 in 30 days; $200 will return $1,8 5, or 7½ per cent. on the stock, and so on, as the market varies. P. D. Drake, Esq., publisher Rock Island, (Ill.,) Daily Argus, made $104.15 on an investment of $20, in October. Hundreds of others are doing even better. Messrs. Lawrence & Co.'s new circular has "two unerring rules for success in stock opera tions" and full information, so that any one can deal in stocks. All kinds of bonds and stocks wanted. New government bonds supplied. Deposits received. Apply to Lawrence & Co., Bankers, 57 Exchange Place, N. Y. City. Tuwf.
